

Medical HMO Plan - Kaiser (California Only)

How this plan works:

- Available in California Only.
- You receive medical care from hospitals and doctors in the HMO network.
- Your selected Primary Care Physician coordinates all of your healthcare, including office visits, prescription medications, and referrals to specialists.
- HMO plans do not come with a deductible (set dollar amount you must pay before the insurance carrier begins paying for medical expenses).
- You pay nothing out-of-pocket for in-network preventative care.
- For other office visits and procedures, you pay a set amount (called a copay).
